

## MEMORANDUM

Date: December 17, 2020

To: TLRC Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: Today's COVID-19 Case Update

Based on the test results that came in today, we received notice that fourteen (14) Health Center residents and three (3) Health Center staff members have tested positive for COVID. Because of the increase in numbers of resident COVID cases, in addition to the COVID unit on Alpine in the Health Center, we now have created a second COVID unit on the 500 Hall. The Health Center employees are not working and will not return for at least 10 days provided they do not exhibit any symptoms.

Regarding the vaccine, it is our understanding we will begin receiving them from CVS very soon. Once we confirm the actual date, we will work with the representatives on the schedule for distribution and share this information with you.

As always, we appreciate your support of our team during this time and do not hesitate to reach out to us if you need any additional information or have any questions.

Thank you.
