

## MEMORANDUM

Date: December 20, 2020

To: TLRC Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: Today's COVID-19 Case Update

Based on the test results that came in, we received notice that seven (7) Health Center employees have tested positive for COVID and one (1) Health Center resident has tested positive.

With these new tests, we have twenty-four (24) Health Center residents who are currently positive for COVID. Three (3) Health Center residents have fully recovered. There are twenty (20) Health Center employees who are currently positive for COVID. Five (5) Health Center employees have fully recovered.

I want to once again shout out a HUGE thank you to all of our employees who, in spite of the many challenges being present, continue to work hard to meet the needs of all our residents. They are true heroes, and we owe them a great deal of gratitude!

Do not hesitate to reach out to us if you need any additional information or have any questions.

Thank you.
