Re: Today's COVID-19 Case Update

Based on the test results that came in, we received notice that three (3) Health Center employees have tested positive for COVID. There are no new resident positive tests to report.

Based on the number of resident cases we are currently experiencing, we have now closed the doors to the 900 and 1000 Halls, similar to what we have done on the 500 and 600 Halls. This action will limit the number of people who can travel through the Health Center hallways in order to help slow the spread of this virus. Your observation of this is truly appreciated.

Do not hesitate to reach out to us if you need any additional information or have any questions.

Thank you.
