

MEMORANDUM

Date: December 27, 2020

To: TLRC Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: Today's COVID-19 Case Update

Today we received notice that two new Health Center residents have tested positive for COVID and two (2) Health Center employees have tested positive for COVID.

As of today, we have forty-seven (47) Health Center residents currently positive for COVID. Twelve (12) Health Center residents have fully recovered from COVID after previously being diagnosed. Eight (8) of our Health Center employees are currently positive for COVID and twenty-six (26) have fully recovered after previously testing positive.

We still have one (1) Assisted Living employee positive for COVID and remains off work as are the Health Center employees. Visitations remain suspended on the TLRC campus and we will continue to do weekly testing on residents and employees until there are no new COVID cases for two weeks in a row.

Do not hesitate to reach out to us if you need any additional information or have any questions.

Thank you.
