

## MEMORANDUM

Date: December 3, 2020

To: TLRC Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: Updated COVID Test Result

We have been notified an additional Health Center employee has tested positive for COVID-19. There are no new actions to implement at this time other than the date when we can begin admitting people to the Health Center. This date is 12/15/2020. This most recent employee who tested positive will be out for 10 days and we will continue to restrict visitations for both Assisted Living/North Ridge and Health Center residents during this time.

I realize you are receiving a number of e-mail messages from me and I apologize for the volume of them, but we are required by law to notify you when new cases are reported. We are trying to consolidate the number of memos but again, they are driven by the timing of when we receive the positive test results.

As always, you will be updated as the situation changes. Thank you for your support and understanding. Please stay safe and healthy.
