Re: Today's COVID-19 Case Update

Today we received notice that two (2) Health Center employees have tested positive for COVID. As we began our weekly testing today for our Health Center residents, there are no resident reports to share with you today.

Our first COVID vaccination clinic was a huge success-we were able to vaccinate 368 people on Sunday! Thanks to everyone who was involved in making this happen. The next clinic is scheduled for Sunday, January 24th.

As always, please do not hesitate to reach out if you need any additional information or have any questions.

Thank you.
