

MEMORANDUM

Date: January 10, 2021

To: TLRC Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: Today's COVID-19 Case Update

Today we received notice that four (4) Health Center employees have tested positive for COVID. I am happy to report to you there are no new positive COVID tests for Health Center and Assisted Living residents. We are continuing weekly testing in both the Health Center and Assisted Living for both residents and staff until we achieve no new cases for two weeks.

As of today, we currently have eighteen (18) staff members (17 Health Center and 1 AL) that are diagnosed with COVID. In addition, we have twenty-one (21) Health Center residents currently diagnosed with COVID. As you may have noted, this is a significant decrease in numbers last reported to you, which is a true blessing. Again, I want to thank our heroic staff for continuing to care for and meet the needs of our residents in spite of many of their peers being diagnosed with COVID. They are doing a great job and deserve our gratitude and appreciation!

As always, please do not hesitate to reach out if you need any additional information or have any questions.

Thank you.
