

## MEMORANDUM

Date: January 23, 2021

To: TLRC Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: Today's COVID-19 Case Update

It is with great sadness that I inform you today we received notice that one (1) Health Center employee has tested positive for COVID. This now pushes back our ability to begin admitting residents to the Health Center to Saturday, February 6<sup>th</sup>. This however is conditional upon no new cases being presented.

As a reminder, we are holding our second COVID vaccine clinic tomorrow, January 24<sup>th</sup> and anticipate a large crowd due to the number of people returning for the second step of the vaccine and people receiving the first step of the vaccine. A schedule was sent out earlier this week and I ask that you please adhere to the time you have been assigned so that we can vaccinate everyone in the most efficient manner possible.

As always, please do not hesitate to reach out if you need any additional information or have any questions.

Thank you.
