Re: Today's COVID-19 Case Update

Today we received notice that twenty-nine (29) new Health Center residents have tested positive for COVID. We also received word that ten (10) Health Center employees have tested positive for COVID. I am pleased to report to you we received all of our Assisted Living and North Ridge resident test results and all tests have come back negative for COVID.

As we approach the New Year, we look forward to beginning vaccinations and putting COVID and all the misery associated with it behind us. Your support throughout the year for our hardworking and selfless heroes has meant the world to us and please know you are wished all the best for 2021!

As always, please do not hesitate to reach out if you need any additional information or have any questions.

Thank you.
