

MEMORANDUM

Date: February 4, 2021

To: TLRC Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: Today's COVID-19 Case Update

We have received notice that one (1) Health Center employee has tested positive for COVID. The good news is this one case does not affect our ability to continue admitting residents to the Health Center.

As per our protocols, this employee is not on site and will return after 10 days have passed and no new symptoms have presented themselves. I would also like to remind everyone our third and final COVID vaccine clinic is scheduled for Sunday, February 14th from 9:00 a.m.-12:00 p.m. for those residents and employees who have received their first step of the vaccine and need to receive their second step. Thank you to those of you who have already completed your first and second steps of the vaccine. Your action is truly appreciated!

As always, please do not hesitate to reach out if you need any additional information or have any questions.

Thank you.
