

## MEMORANDUM

Date: July 24, 2021

To: **eliseo** Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: COVID Update

As a reminder that COVID is a long way from being contained, we have been notified a second **eliseo** employee has tested positive for COVID.

As per our protocol, this employee has been notified, is not on site and will return after 10 days have passed and no new symptoms have presented themselves. Because this is a second positive test among our staff, we are now required to stop admissions to **all** areas of our campus and cancel **all** visitations for the Health Center and the entire Apartment building. We will conduct COVID tests on all residents who reside in Assisted Living and the Health Center. If no positive tests are detected, the admission and visitation restrictions will end after 10 days.

I encourage you to please continue to take precautions as we continue to deal with this pandemic. As always, please do not hesitate to reach out if you need any additional information or have any questions.

Thank you.
