

MEMORANDUM

Date: July 28, 2021

To: **eliseo** Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: COVID Update

We have been notified another employee has tested positive for COVID. The employee has been notified, is not on site and will return after 10 days have passed and no new symptoms have presented themselves. We are continuing the no admissions and no visitations protocols as directed by the local health jurisdiction until further notice.

It has been brought to my attention that many people have asked about our position on mandatory COVID vaccines. Three out of the four employees recently diagnosed have been fully vaccinated. More than 65% of our employees have been fully vaccinated. We have implemented a mandatory flu vaccine policy and are researching the option of a mandatory COVID vaccine. Once a decision is made, we will let you know. In the meantime, we will continue to strongly encourage all **eliseo** employees to become fully vaccinated.

Please continue to take precautions as we continue to deal with this pandemic. As always, please do not hesitate to reach out if you need any additional information or have any questions.

Thank you.
