

MEMORANDUM

Date: August 20, 2021

To: **eliseo** Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: COVID Update

As promised, I want to provide you with an update about our Health Center admissions and visitations status. In speaking with our Local Health Jurisdiction Officer and a representative from the Washington Department of Health, it was shared with us that two rounds of COVID testing of residents with no new positive cases are required before we can begin admissions to the Health Center and allow visitations on our campus. We have completed one round and the next scheduled COVID testing date for our residents is Wednesday August 25th with results expected by Friday, August 27th. Therefore, if no new positive cases are reported, we will plan on starting Health Center admissions and visitations on Monday, August 30th.

As a reminder to **eliseo** employees, please do not park in the parking spots labeled Visitors beginning Monday, August 30th in order to allow our visitors to utilize these spaces.

Please do not hesitate to reach out if you need additional information or clarification.
Thank you.
