

## MEMORANDUM

Date: August 30, 2021

To: **eliseo** Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: COVID Update

As promised, we are letting you know we have received notice that visitations with our residents can begin once again. Therefore, effective Thursday, September 2, 2021, we are thrilled to welcome visitors to the **eliseo** campus to visit with all residents.

To schedule visits with Health Center residents, please go to: <https://calendly.com/eliseohcvisits>

To schedule visits with Assisted Living/North Ridge residents, please go to: <https://calendly.com/eliseovisitations>

If you do not have access to a computer, you may schedule a visit by calling 253.381.5172.

Because of our latest positive COVID case reported, admissions to the Health Center will begin on Wednesday, September 8, 2021, again if no new positive cases are reported. Fortunately, all Health Center and Assisted Living residents remain COVID free after the second round of testing.

Due to COVID rates in Pierce County, we will continue with weekly testing of Health Center and Assisted Living residents and twice a week testing of employees.

To all **eliseo** employees, beginning September 2, 2021, please return to the staff parking spaces in order to leave the visitor parking spaces open for our visitors. Thank you for your understanding and compliance with this.

As always, please do not hesitate to reach out if you need any additional information or have any questions.

Thank you.
