Re: COVID Update

We have received notice that one (1) Health Center employee has tested positive for COVID. As per our protocol, this employee has been notified and will not return to work until 10 days have passed and no new symptoms have presented themselves. Fortunately, all Health Center and Assisted Living residents remain COVID free after the fourth round of testing.

We are continuing our contact with the Local Health Jurisdiction Officer related to admissions and visitations and are still looking at restarting Health Center admissions and visitations next week. We will let you know if this changes.

As always, please do not hesitate to reach out if you need any additional information or have any questions.

Thank you.
