

MEMORANDUM

Date: July 24, 2022

To: **eliseo** Residents, Family Members and Employees

From: R Kevin McFeely, President & CEO

Re: COVID Update

As I am sure you have heard via television, newspapers, social media and other outlets, COVID continues to make its presence known. The current variant has proven to be extremely contagious and in spite of our constant efforts, COVID has shown up at **eliseo** once again. We have received notice that one (1) resident in the Health Center, eight (8) residents in Assisted Living and three (3) residents in the Apartments have tested positive for COVID. As per CDC guidelines, DOH regulations and **eliseo** protocols, these residents have been isolated until no new symptoms have presented themselves and test negative for COVID.

Please continue to practice social distancing and the wearing of masks/face shields to reduce the risk of spreading this virus among our residents and employees. If you need any additional information or have any questions, please do not hesitate to contact any of our Department Directors.

Thank you.
